

Homesites in Macedonia's newest single-family home development Canyon Woods are now available. Kraftech is offering prime homesites minimum one-half acre in size. This hidden jewel is nestled in one of Northeast Ohio's best residential communities, surrounded by mature trees, walking distance to park and is perfectly suited for growing families and active adults. Canyon Woods has a minimum of 1900 square feet for single story, 2100 square feet for one and one half story and 2300 square feet for two story homes. Kraftech's designs start in the upper 280's including lot. Please contact Paul at Kraftech to view stock house plans or to

design a custom home to build your custom dream in Canyon Woods.

Kraftech, Inc. is a dynamic and steadily growing custom home building company which provides innovative and enthusiastic designs at an affordable value. Paul Karnow, owner of Kraftech, utilizes his experience in the building industry to form a bond between the builder and the homeowner and continually adds new ideas to enhance his designs. We aim to provide our clients with integrity, trust and flexibility in all facets of the construction process. We can design a home to suit your lifestyle and budget.
